

Saudi Power Transformers Company designs, develops, manufactures, markets and provides after sales services for Power Transformers, which meet or exceed the client's needs of Quality and Delivery at Optimal cost to ensure Profitability with safe and environmental friendly operation.

We strive to:-

- Identify and understand our customer's expectations, measure customer perceptions and implement improvements to increase customer satisfaction.
- Protect the health, safety and property of our employees, our customers, our contractors and third parties.
- Leverage our partners & suppliers strengths to improve our products and our businesses from product design through production, installation and operation.
- Align ourselves to the needs and expectations of the customer in a manner so as to enhance their satisfaction.
- Build relationship of cooperation and support with our suppliers for improvement in products and services for the mutual benefit.
- Create a challenging and rewarding environment that encourages our employees to work with enthusiasm, commitment and a high sense of ethical and moral values.
- Train and groom our workforce accordingly to meet the dynamics of the ever changing technology.
- Comply with all the applicable statutory and regulatory requirements and endure them as responsible employees.
- Continually improve Quality, Environmental, Health and Safety performance through all products, operations, systems and service.

This SHEQ policy is in harmony with our values of "Performance Excellence", "Leading Edge Knowledge", "Nurturance", "Customer Orientation" and "Intellectual Honesty".
